## **From the President**

The field trip to Cedar Rock turned out well. We had seven club members and two guests take advantage of this opportunity. The DNR officer gave us a “private” tour of the house that allowed use to take some time to take interior shots of the house. With the exception on a few snakes down by the boathouse, I believe that everybody had a good time. Jim and his wife shot 7 rolls, Dave brought along his medium format camera, and with what the rest of us shot there should be a wide variety of photos to see / discuss at this month's meeting.

I had a chance to help in the darkroom so I did some experimenting with the safelights. I removed the two bulbs over the enlarger so only the two bulbs over the sink were on. Well, the paper still got fogged. The paper was verified to be OK by just using the small safelight that was bought earlier this year. So, I am going to ask (again), has anybody used the darkroom with the fluorescent safelights? Based on what I am seeing, I am going to suggest that we buy two more of the small safelights and give up on the fluorescents.

If there are any suggestions for judges at the photo contest, please let us know at the meeting or drop me a line. Also, please let me or any of the officers know if you are interested in another field trip. We'd love to hear your suggestions.

That's it for now

Cliffy
